The Galapagos Islands remain one of the most difficult-to-get-to destinations in the world. It can be challenging, sometimes even impossible, to organize a trip completely on your own because of how isolated the islands are, and because of some strict regulations. The [Quasar M/V Grace Kelly Honeymoon Yacht](#) does make it easier for you, though, if this is something you've always wanted to do. They've secured permits from Galapagos National Park that allow their private yachts to visit important island sites and they depart from two locations: San Cristobal Island and Baltra Island. Each departure location offers a different, one-week long tour, and you can combine them for a two-week, comprehensive site-seeing getaway, as well. If you're a duo that's all about getting off the grid, while still enjoying the luxurious side of things, this is the perfect honeymoon for you.
